

## VitaliBoost™

Nutritional support to improve energy and stamina, plus boost immunity\*

### Primary Applications\*

- Acts as an effective adaptogenic
- Increases stamina and endurance
- Contains immunomodulatory properties
- Improves circulation
- Supports healthy adrenal gland functioning

### What is VitaliBoost?

VitaliBoost contains ingredients with proven effectiveness in improving energy and stamina, plus boosting immunity. VitaliBoost also promotes balanced metabolism, endurance and routine, healthy performance without stimulants or caffeine. With immunomodulatory properties, VitaliBoost can help to improve recovery time and quality of life, while enhancing energy levels.\*

### Ingredients

#### Eleuthero (*Eleutherococcus senticosus*)

Research has supported the use of Eleuthero to increase physical and mental performance, withstand stress and boost immune functioning. The herb is listed in the German Commission E as an invigorating tonic for fatigue and to promote health. Eleuthero has demonstrated adaptogenic, cardiovascular, anti-inflammatory and anti-oxidant properties and may also be of benefit when the hypothalamic-pituitary-adrenal axis is depleted, helping to address fatigue and adrenal fatigue.\*

#### Gotu kola (*Hydrocotyle asiatica*)

Due to the presence of triterpines compounds (including asiaticoside), Gotu kola may assist collagen formation in bones, cartilage, blood vessels and connective tissue, thereby improving circulation.

### Supplement Facts

Serving Size 15 drops  
Servings Per Container 97  
Herb strength ratio: 1:10

Amount Per Serving		% DV
Eleuthero ( <i>Eleutherococcus senticosus</i> )(root)	.20ml	†
Gotu kola ( <i>Hydrocotyle asiatica</i> ) (aerial parts)	.15ml	†
Olive ( <i>Olea europaea</i> )(leaf)	.15ml	†

† Daily Value (DV) not established.

Other Ingredients: 60% of ethanol

Directions: Mix 15 drops in ¼ cup water and take 3 times daily.  
Caution: Safety during pregnancy and breastfeeding not established.

All NutraRx products are especially formulated by experts in the field of natural health and are manufactured according to the highest pharmaceutical standards for maximum safety and effectiveness.

## Ingredients ( continued )

Research has also demonstrated the beneficial effect of *Centella asiatica* on memory, concentration and mental performance levels.\*

### Olive (*Olea europaea*)

In vitro studies have suggested that extracts of Olive Leaf may have immunomodulatory properties. Active constituents of *Olea europea* include flavonoids (beneficial anti-oxidant compounds found in fruits and vegetables). Studies have investigated the anti-oxidant properties of this herb.\*

### For Optimum Results

Some people may note improvements in energy level after one week. Those with chronic illnesses or very unhealthy lifestyles may take slightly longer to respond, but improvement should be apparent within 3-5 weeks.

## Other Products in this Category

### 50+ Vitality Complex™

Nutritional support for age-related fatigue, plus improved energy & zest in adults over 50\*
